

The following is a complete list of my professional work. The majority of the projects can be found on my website. Please feel free to visit to see them.

2010 United Federation of Teachers (UFT), Wall of Honor, New York, New York.
www.uft.org

Information design project at Manhattan UFT Headquarters.

I teamed up with Levin/Silbert to develop concepts and design-intent drawings for UFT Wall of Honor located on the ground level of it's headquarters in Manhattan. Additional scope included is a museum-style tribute and historical commemoration project on Albert Shanker, who was one of the key founders and organizers of (UFT). *This project is currently ongoing.*

Collaboration with Levin/Silbert www.levinsilbert.com

2010 List It Flat, Brand Development and Website Design, Columbus, Ohio.

Start-up real estate company.

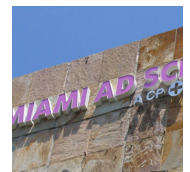

Currently working on brand development and website design for List It Flat. This start-up company is focusing on a new trend in real estate, providing select services at a set fee.

This project is currently ongoing. www.drakdesign.com

2010 Miami Ad School (MAS), "Industry Hero" , Miami Beach, Florida.
www.miamiadschool.com

In May 2010 I was invited as a guest lecturer and instructor at the Miami Ad School in Miami Beach, Florida. As an "Industry Hero" lecturer, I had the opportunity to present my current work to the entire student body. As guest instructor, I led a group of art directors and copywriters who I worked with for one week on an advertising project.

2010 The Hoppy Nomad, Logo Design, Syracuse, New York.
www.hoppynomad.com

Start-up blog.

The project's scope was to design a logo for a blogger who travels and writes about beer and beer festivals. Her topics are about beer but she focuses more about the experience and the emotion drawn from the events.

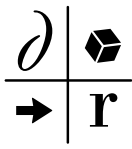

Complete project available for viewing online in my portfolio. www.drakdesign.com

2009 Syracuse University, Homecoming Branding + Wayfinding, Syracuse, New York.
www.syr.edu

Worked with the Office of Marketing and Communications to develop temporary signs using the existing branding. The goal was to help alumni and guests to find their way on campus and to the Homecoming events. Free standing signs were designed that could display changeable graphics and information. Signs can be reused and moved as needed every year. www.drakdesign.com

2009 City Of Parma, Logo Design, Parma, Ohio.

www.cityofparma-oh.gov

New logo design project.

I designed a new logo for the city of Parma Ohio. The city was looking to update its current logo that had been in place since the 1960s. My design direction was based on the city's assets which include affordable housing, small business, industry, a wide religious base and great greenspace.

Complete project available for viewing online in my portfolio. www.drakdesign.com

2009 Town of DeWitt, Logo Design, DeWitt, New York.

www.townofdewitt.com

New logo design project.

I designed a new logo for the Planning, Building & Zoning Department. The new logo is being used on code enforcement vehicles.

Complete project available for viewing online in my portfolio. www.drakdesign.com

Planning, Building & Z

2007-2009 Royal Caribbean International, Oasis of the Seas, Ft. Lauderdale Florida.

www.oasisoftheseas.com

In December 2009, Royal Caribbean International (RCI) launched Oasis of the Seas on her maiden voyage. She is the world's largest cruise ship and is unique not only in her size, but also her function. Project with TGA Design.

Our teams' scope was to collaborate with project architects and executive management to design signage and graphics ship-wide that included all wayfinding signs, public spaces, restaurants, entertainment venues and lounges. We also prepared production manuals and schedules for all these areas that included the crew area and ADA signs.

My role as lead manager, was to work on all areas of the project, during all phases and daily communications with client representatives. I was also a member of the design team that developed and executed wayfinding and venue sign systems and graphics. I managed the assembly of the sign package and production of the working drawings.

Complete project prospectus available for download. www.drakdesign.com

2007 Azamara Cruises, Journey, Port of Miami, Florida.

www.azamaracruises.com

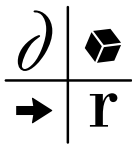

Renovation of existing ship added to Celebrity Cruises new cruise line. Project with TGA Design.

Our teams' scope was to work with the client to bring Journey up to date with fleet standards and to replace out signage as required by new venues including wayfinding signs and directories, food and beverage, retail and passenger cabins signs.

My role was as project manager and part of the design team. I executed the project which included planning, design, working drawings and bid process.

Complete project available for viewing online in my portfolio. www.drakdesign.com

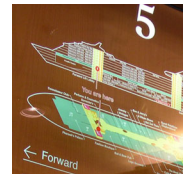

2007 Royal Caribbean International, Independence of the Seas, Miami, Florida.
www.royalcaribbean.com

New ship added to fleet in the Spring 2008. Project with TGA Design.

Our teams' scope was to design and prepare a production manual and sign schedule for a new ship that included all wayfinding signs, public spaces, restaurants, entertainment venues and lounges. The project's scope also includes crew area signs and ADA sign package.

My role was to work as part of the design team and as a supporting manager. I worked on all stages of the project which included planning, design, and implementation of working drawings package and execution of punch list on-board prior to delivery from the shipyard in Turku, Finland.

Complete project available for viewing online in my portfolio. www.drakdesign.com

2007 Thomas E. Pope PA., Marriott, Resort & Conference Center, Key West, Florida.
www.beachsidekeywest.com

New resort and restaurant project developed by Spottswood Companies. Project with TGA Design.

The project's scope was to design and prepare a production manual and sign schedule for resort signage. Vehicular, building and restaurant signs systems were included in the scope.

My role was as project manager and primary designer. I oversaw all stages of the project such as planning, design, and implementation of the working drawings package, bid process and execution of punch list.

Complete project available for viewing online in my portfolio. www.drakdesign.com

2006 Royal Caribbean International, Liberty of the Seas, Miami, Florida.
www.royalcaribbean.com

New ship added to fleet in the Spring 2007. Project with TGA Design.

Our teams' scope was to design and prepare a production manual and sign schedule for new ship that included all wayfinding signs, public spaces, restaurants, entertainment venues and lounges. Package also included crew area signs and ADA sign package.

I was part of the design team and served as a supporting manager. I worked on all stages of the project which included planning, design, and implementation of working drawings package and execution of punch list on board prior to delivery from the shipyard in Turku, Finland.

Complete project available for viewing online in my portfolio under her sister ship Independence of the Seas. www.drakdesign.com

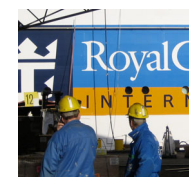

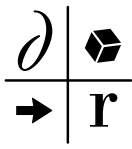

2006 Royal Caribbean International, Voyager of the Seas, Miami, Florida.
www.royalcaribbean.com

Renovation of existing ship in RCI's fleet. Project with TGA Design.

The project's scope was to design food and beverage signs for all restaurant venues and bars. Signs included themed food station identification and drink special menu boards, and menu boards for all bars and specialty food venues.

My role was as project manager and primary designer. I worked on all stages of the project which included planning, design, and implementation of working drawings package, bid process and execution of punch list.

2006 MADY and Associates, Douglas Diamond, Miami, Florida.

New condominium project. Project with TGA Design.

The project's scope was to design a marketing folder with collateral inserts for proposed investors.

My role was as project manager and primary designer.

2006 Charlie Hill (Owner) All PC And Network Solutions, Miami, Florida.

Start-up computer repair service company.

The project's scope was to design a logo for a company specializing in computer repair and troubleshooting, software installation and networking solutions.

Complete project available for viewing online in my portfolio. www.drakdesign.com

2006 Royal Caribbean International, Freedom of the Seas, Miami, Florida.

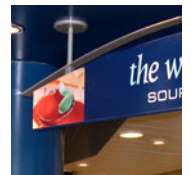

www.royalcaribbean.com

New ship added to the fleet in the Spring 2006. Project with TGA Design.

The project's scope was to design food and beverage signs for all restaurant venues and bars. Signs included themed food station identification and drink special menu boards. Also menu boards for all bars and specialty food venues.
